Putting everything together

It's up to you where you place your monstera leaf but I feel it looks best in a corner of the square fully on the white section of the square.

Lay sections 1 to 3 of the Monstera Leaf in this order - Section 2 at the top, Section 3 in the middle and Section 1 at the bottom.

Place the first 3 sections of the leaves as shown in the photo. Appliqué these pieces on by stitching them on with a needle.

Place the final section over the top of these and stitch in the same way.
